Director of Public Works

BOARD MOTION OF MAY 24, 2011, AGENDA ITEM 13 LOS ANGELES COUNTY WATERWORKS DISTRICT NO. 29, MALIBU WATER SYSTEM MASTER PLAN UPDATE NO. 3

On May 24, 2011, your Board instructed the Department of Public Works to (1) prepare a Water System Master Plan (Master Plan) for the Los Angeles County Waterworks District No. 29, Malibu (District 29), to provide a comprehensive long-range capital improvement plan (CIP); (2) identify funding mechanisms to implement the CIP; (3) actively seek partnerships with the City of Malibu and other stakeholders in this endeavor; and (4) report back to your Board every 60 days following the June 14, 2011, initial report regarding the progress of the Master Plan.

On Wednesday, October 12, 2011, representatives from Supervisor Zev Yaroslavsky's office, Public Works, and MWH Americas, Inc., held a second meeting with the Master Plan Task Force and other City of Malibu and County representatives. The purpose of the meeting was to present planning data collected from the County and the City of Malibu planning departments and associated project water needs for the various land uses. The next Master Plan Task Force meeting is scheduled for May 9, 2012.

We are developing a computerized hydraulic model of District 29 water system as a part of the Master Plan project. The model is expected to be completed in January 2012. The model will then be used to analyze deficiencies in the water system and identify projects for a CIP. The CIP is planned to be completed by June 2012.

If you have any questions, please contact me or your staff may contact Adam Ariki at (626) 300-3300 or aariki@dpw.lacounty.gov.
